

GIGAVAC AMATEUR RADIO RELAYS

EXCLUSIVELY FOR AMATEUR RADIO OPERATORS ¹

When land and cell phones go down in times of disaster, amateur radio operators are often the only people that can communicate with the outside world to call in emergency assistance. GIGAVAC recognizes the value amateur radio operators play in making the world a safer place to live. To do its part to make amateur radio operation affordable for the thousands of world-wide volunteers, GIGAVAC has created a line of relays just for amateur radio operators that are priced to make RF switching affordable. These special GIGAVAC relays come with a full one-year warranty so you no longer have to worry about buying questionable quality used or salvaged relays made by Jennings or Kilovac. What else would you expect from "Today's expert in high voltage relays".

	Part #	Form	Similar to Jennings	Similar to Kilovac	Price	Stock Status	Continuous kWatts Carry @32 MHz	Rated Operating Voltage			
								dc or 60 Hz	2.5 MHz	16 MHz	32 MHz
								Max. Continuous Current

¹ Only amateur operators that meet the following requirements can purchase these relays.

- Orders must be placed in writing (letter, fax or e-mail) directly with our headquarters near Santa Barbara and in US dollars. These relays with special pricing are not available through our international representatives.
- FOB Carpinteria California, USA
- The relays must be paid for by credit card (VISA, MasterCard, or American Express)
- The name on the credit card must match the name on your call letters.
- Your call letters must be registered in your name on www.ARRL.org or www.QRZ.com.
- In a 12 month period, you may purchase up to 3 relays of any given part number or a maximum of 5 relays total.
- GIGAVAC reserves the right to modify or cancel this program without notice.

Kilovac is a registered trademark of Tyco International.
